

RESIDENTIAL ELEVATORS

Custom built from the inside out.

FOX VALLEY
ELEVATOR

Where quality meets craftsmanship.

At Fox Valley Elevator, we believe that every homeowner deserves a safe and reliable elevator, built to last. That's why our elevators are engineered with precision, crafted with care, and rigorously tested to meet the highest standards of safety and performance.

From our mechanical systems to our cab finishes, every detail reflects our commitment to quality and durability.

Proudly built in Appleton, Wisconsin, each elevator is tailored to the unique needs of the homeowner. Whether you're planning your forever home, enhancing accessibility, or simply elevating your home's existing design, we work closely with you and your chosen elevator professional to deliver tailored solutions that reflect your lifestyle and vision.

We don't just manufacture elevators. We deliver peace of mind, one home at a time.

Why Choose Fox Valley Elevator?

Fox Valley Elevator is focused on people, from the members of our team, to the elevator professionals that represent our products, and the passengers that will use them everyday. This is what drives our commitment to excellence in production, and makes our products great.

A network of support

Fox Valley Elevator maintains an extensive dealer network throughout the United States. Each dealer is carefully selected via a thorough application process to ensure they meet our high standards for safety, training, and technical expertise. Our dealer partners will guide you through every step, offering trusted support and service that reflects our commitment to quality and care in every home.

A DEDICATED TEAM

Committed to Excellence, from Production to Support

Our team of skilled professionals brings unmatched craftsmanship to every detail, from machinery to finishes, so you can enjoy peace of mind and lasting value. As a US based manufacturer, we take pride in our commitment to quality and safety, ensuring that every elevator meets rigorous standards and exceeds expectations.

DRIVE SYSTEMS

At the core of every elevator

Fox Valley Elevator offers a variety of drive and rail systems that are certified to be safe and reliable, providing years of trouble free service. With both a proprietary and industry standard rail platform offered, you have the benefit of choosing a hydraulic or electric drive system to best suit the specific layout of your home.

Your Fox Valley Elevator authorized elevator professional will review your project requirements, budget and local building codes to help determine the best choice for your needs.

Decades of Combined Experience

Our Technical Support team is an on-going resource for our authorized dealers long after installation. We are proud to offer our expertise in parts, troubleshooting and modernization, and we're always just a phone call away.

ELEVATOR INTERIOR

A design to match your style

Your home is a reflection of your personal style and your elevator should be as well. Our elevator car interiors fit seamlessly into any room. We offer multiple models, from flat to unique raised panels, in a wide range of veneers and hardwoods sure to suit any home design. With so many options to choose from, your creativity can truly shine.

Your elevator is always delivered without finished flooring to give you the freedom to match with the rest of the home.

DESIGNER SERIES

Our most popular and versatile choice for those wanting a simple lacquered cab. Can be delivered unfinished for those wishing to customize or decorate the interior after install.

The Designer Series comes standard in non-stain grade Birch Veneer, White Lacquer and White or Oak Melamine. Also available in Alder, Oak, Maple or Walnut.

BAMBOO

Our eco-friendly Bamboo model inspires a sense of calm with its natural, earthy tones.

Available in standard Bamboo Veneer Core, or choose solid Bamboo wood panels.

SHAKER

The unique craftsmanship of our hand-finished shaker interior features clean lines to deliver rustic charm.

Shown in Knotty Alder Wood. Also available in all standard wood finishes.

ESTATE

The Estate is a distinctly crafted, hand finished model. Our signature paneling, with choice of fixture design and colorway, will add elegance and beauty to your home for years to come.

Shown in Maple. Also available in all standard wood finishes.

ESTATE LIMITED

The elegant, high quality Estate Limited is distinctly crafted in our own custom blend stain over Cherry wood or your choice of hardwood. Features four lights and choice of fixtures. This distinctive car will be a showpiece within your home.

Available in all standard wood finishes.

RAISED PANEL

Our custom raised panel model allows you to select the panel design, fine hardwood, fixtures and accessories. Can be prepped for the addition of mirrors or glass.

Available in standard wood finishes.

FINISHES

Customize your cab to suit your style.

We know that designing the cab is an important step to making your elevator a seamless part of your home. We offer a variety of veneer and hardwood interior options for a durable, hand-crafted look. You can even accent your cab with a stone veneer accent wall. We can customize to your stain of choice, mix and match materials and inlays, and create a cab that’s truly yours.

FIXTURES

Choose your finishing touches

Car Operating Panels

Car operating panels include a light switch, alarm button, emergency stop, and your choice of round or square buttons. Customize your panel with an integrated phone, emergency light, key lock, and LED position indicator. Horizontal panel layouts are also available. Choose from flat, round or arched panel designs.

Hall Stations

Our Hall Stations can match your car’s operating panels. Each hall station can include a key lock, “Car Here” light and LED position indicator.

The Weatherproof NEMA 4 Hall Station is only available in brushed stainless steel.

Phone Boxes

Handrails

Choose your handrail for style or efficiency (or both), in a wood or metal finish to complement the other finishes.

Lighting

Available in 4000K Neutral White (standard) or 3000K Warm White

Safety is Paramount

In addition to the numerous safety features incorporated into the Fox Valley Elevator system, you also have a choice of multiple interlock models to stay safe and in compliance.

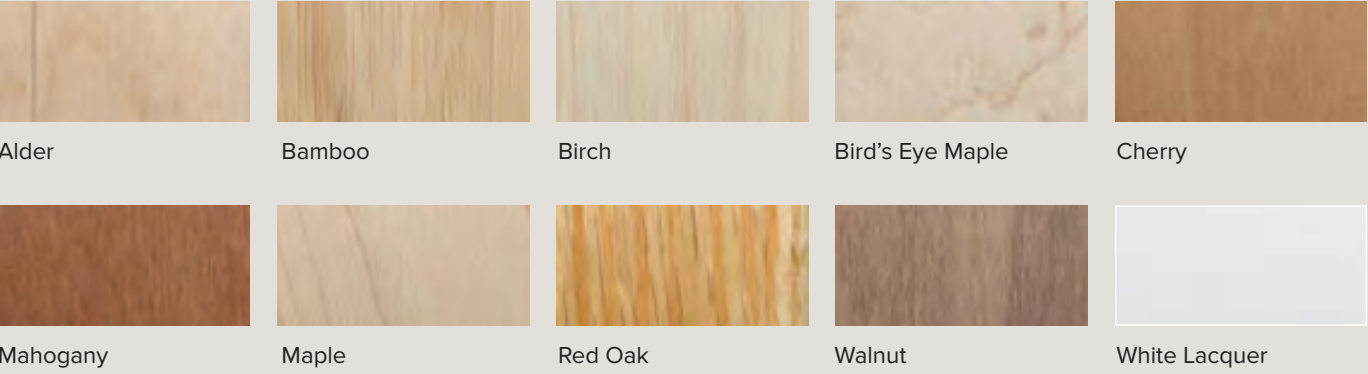

Automate your experience

Fox Valley Elevator offers choice of screw or belt drive autogate closer. An auto door opener is also available.

LANDING DOORS

Open up a world of possibilities

For an elevated look, incorporate our two-speed landing doors in brushed stainless steel. The interior and exterior doors are an integrated system, making the elevator itself the focal point of the room.

Excellence ascending.
